DEPARTMENT OF MATHEMATICS

SMVEC MATH CLUB

Π - DAY

To Create awareness about the importance of Mathematics and to create interest in Mathematics , the SMVEC MATH Club Organize the event Pi day.

Pi is the most studied number in mathematics, and for good reason. The number pi is integral to our understanding of geometry. Pi has uses in physics, astronomy, and mathematics. Pi is used in architecture and construction as well, and has been a vital part of everything from arches and bridges to the Pyramids of Giza. The value of pi is approximately 3.14, or 22/7. To 39 decimal places, pi is 3.141592653589793238462643383279502884197. Pi is an irrational number, which means it is not equal to the ratio of any two whole numbers. Its digits do not repeat. Many mathematicians research the value of Pi.

The Math Club Celebrates Pi Day on 03.14.2024.

The details of the events as follows.

S.NO	CLUB ACTIVITY	DATE	No of participants	Details of Activity
1	Presentations about the Constant Pie/ History of pie	14.03.2024	56	Students expalins the Hiostory/Evaluation of Mathematical constant Pi through Power point presentation
2	Presentations about any mathematician and their contributions to the world	14.03.2024	56	Students expalins about famous Mathematician and their Contribution to the world through Power point presentation
3	Charts or Models preparation related to Pie.	14.03.2024	32	Students Exhibit any Model or Charts related to pi
4	Prize Distribution	14.03.2024	160	Certificates and Prizes Distributed to the students those who performed extradinary in the above Events
