Important points for the kind attention of the Parents

Dear Parent

The V semester classes commence on 10th June 2020 and III and VII semester classes commence on 20th June 2020. The above mentioned semester is a very short term, including working days meant for CAT-IV. The students have to complete a lot of work within a short period. **Hence the parents are kindly requested not to permit their wards to avail frequent leave during this semester period for the following reasons.**

III Semester (II Year): All the III semester papers are considered as problematic (toughest) papers. Hence, regular attendance and more concentration are required to clear these III semester papers.

V Semester (III year): More number of training programs are proposed to be offered to enable the students to face the **campus interviews with confidence**. Attending these training programs is most important for **getting campus placement**. Apart from attending these trainings, **the students have to devote their time and energy to prepare for the End Semester Examinations during this semester.**

VII Semester (IV year): The students have to complete their **Major Project in time**. Besides, they have to prepare for the End Semester theory examinations also. Hence, all the students are expected to devote their time to attend to the above work. **The students selected at the campus interview will be permitted to join by authorities of the companies, only if they qualify for the degree.**

For the final year students, Saturdays are allotted for Project work. The ‘Project work’ is an important component and in some cases it decides on the spot placement. Hence, the final year students are advised to use the **Saturdays only for completing projects and not for any other purpose as such an attitude shall affect the Project Work as well as their future.**

Marks in the **continuous assessment test** decide the major part of the continuous assessment marks. So, availing leave for the continuous assessment test must be avoided at any cost as this would seriously affect the assessment marks.

Practicals are very important not only to score more marks but also it will help to understand the theory part of the subject, hence advice your ward not to cut the practical classes.

Please spare your **valuable time to talk to your son/daughter every day and try to understand what he/she is doing in respect of his/her studies**. Kindly extend all your support to your son/daughter which will help them to come out successfully. For any assistance from our side you may always feel free to contact the respective Coordinator / HOD any time during the working hours.
