STUDENT'S CLUB ACTIVITY REPORT

ACADEMIC YEAR - 2022-2023

CIVILIZER'S CLUB

(Civil Engineer's Club for Sharing Innovation)

ABOUT CIVILIZER'S ACTIVITIES

As a result of a constructive thought to build an ecosystem to identify the achievers, promote participation and motivate for sustenance of the group to facilitate the future aspirants to lead the ever evolving technology of the country from SMVEC

We have formed civil engineering "Intellectual Student Group" for II and III year students based on their academic performance and involvement in various extra-curricular activities. In order to motivate and bring out the potential of the students, we have planned to organize various events and competitions to effectively identify individuals who outperform within the group and project them to the academic decision makers of our institution.

This club is driven on the basis of "A desire to create competitive leaders of tomorrow."

The club enables the students to invoke their inner potential, attain creativity and initiate proactive academic research activities. The club helps in promoting enthusiasm among the student by participating in various Civil engineering forum, Conferences and participation with Civil community groups both domestic and International. Thereby, preparing students to adapt themselves to the challenges of an ever demanding futuristic world. The club enhances their operational and leadership skills to manage and perform in various challenging situations,

Objectives

- To develop the knowledge within our budding young civil Engineers a Civilizers Club (CC) has been created in order to share and upgrade their technical stream of knowledge.
- This club is driven with the motto of "Participate and Perform Positively"
- The club enables students to cultivate new ideas and to bring up new inventions and help new ideas to reach up easily to the mind of the budding students. This club promotes enthusiasm among the students by participating in various activities in civil engineering forum and preparing student to face the upcoming challenges in the days to come in the outer world.
- The main objective of the Civilizers Club (CC) is to identify the potential of each student and to facilitate them in achieving great success in all their academic goals through various clubs.
- In Civil Club we have eight clubs guided by the staff coordinators which play an important role in the student life in campus.
- This clubs are all open to all the students and activities are carried out throughout the whole year.
- Thereby this clubs improve the technical, social, cultural and academic experience of the students. It provides a great platform to enhance skills of learning. The CC also provides various other events like workshops value added courses and student seminars and guest lectures.

STUDENTS ACTIVITIES

Name of the Event: Chalk Carving

Date of the Event: 11.06.2022

Outcome of the Event: At the end of this activity, the creativity skill will improve. It helps to develop fine motor skills, promotes indoor play and enhances learning by making it more interactive and engaging. It also creates something with chalk boosts a self-confidence of the student and gives them a sense of accomplishment which will be implemented in the building construction.

Photos:

Name of the Event: Brick Bonding

Date of the Event: 09.07.2022

Outcome of the Event: Bonding is the industry term that's given to the pattern in which the bricks are laid. Whilst the primary purpose of a brick bond is to ensure the brickwork is strong and stable, it can also have a dramatic effect on the visual appearance of a wall. At the end of this activity, the students will be able to arrange the bricks in an order based on the types of brick bond.

Photos:

Name of the Event: Model Making

Date of the Event: 23.07.2022

Outcome of the Event: Model making activity is a method used to illustrate how a system works. In this activity, the group works together to outline a sequence of steps and the component pieces involved in creating a behavior or result.

Photos:

Name of the Event: Debate on Online Vs Offline class

Date of the Event: 29.10.2022

Outcome of the Event: This activity improves the critical thinking skill of the students. Students will acquire better poise, speech delivery and public speaking skills.

Photos:

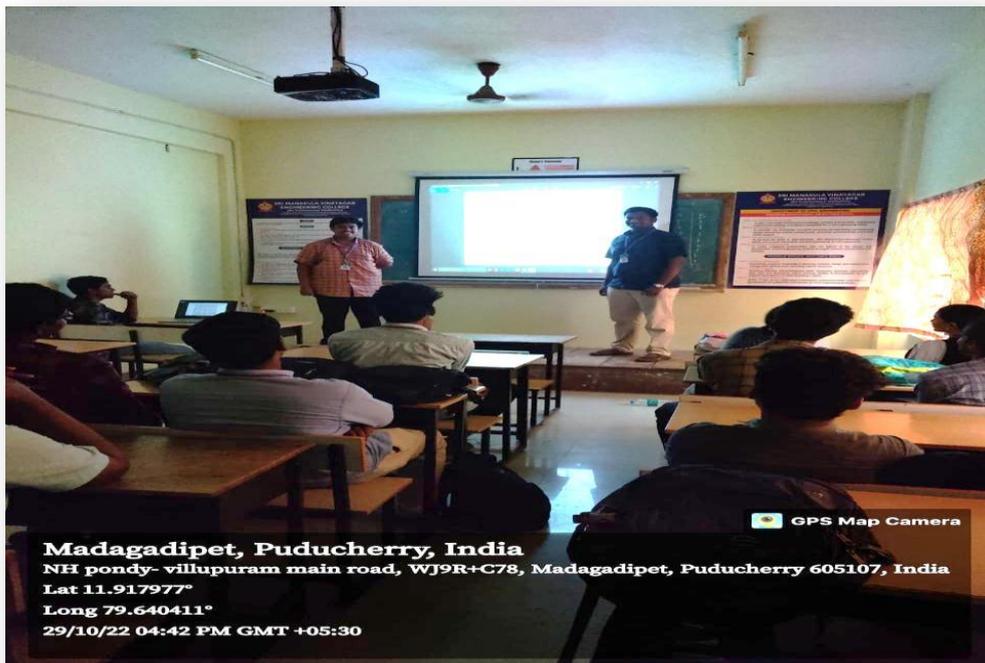

Name of the Event: Technical Presentation

Date of the Event: 29.10.2022

Outcome of the Event: Technical presentation skills training will enable the students to explain complex ideas through stories that can impact other students and improve comprehension. It will also help to learn how to grab and keep other students attention from the start.

Photos:

Name of the Event: 3D Modeling, 3D Printing & Wood Carving

Date of the Event: 08.11.2022 & 09.11.2022

Outcome of the Event: This workshop is helpful to see live demonstration of 3D printing and wood carving. At first with the help of AutoCAD, a spiral beam was made in 3D printing machine. Secondly, wood carving was done as per the students wish. At the end of the event, students understood about 3D Modeling, 3D Printing & Wood Carving.

Photos:

Name of the Event: Drawing competition

Date of the Event: 10.11.2022

Outcome of the Event: This activity improves the Communication Skills, Enhance Creativity, Increase Emotional Intelligence, Improve memory, Problem Solving Skills, Self-esteem Booster, and Reduces Stress.

Photos:

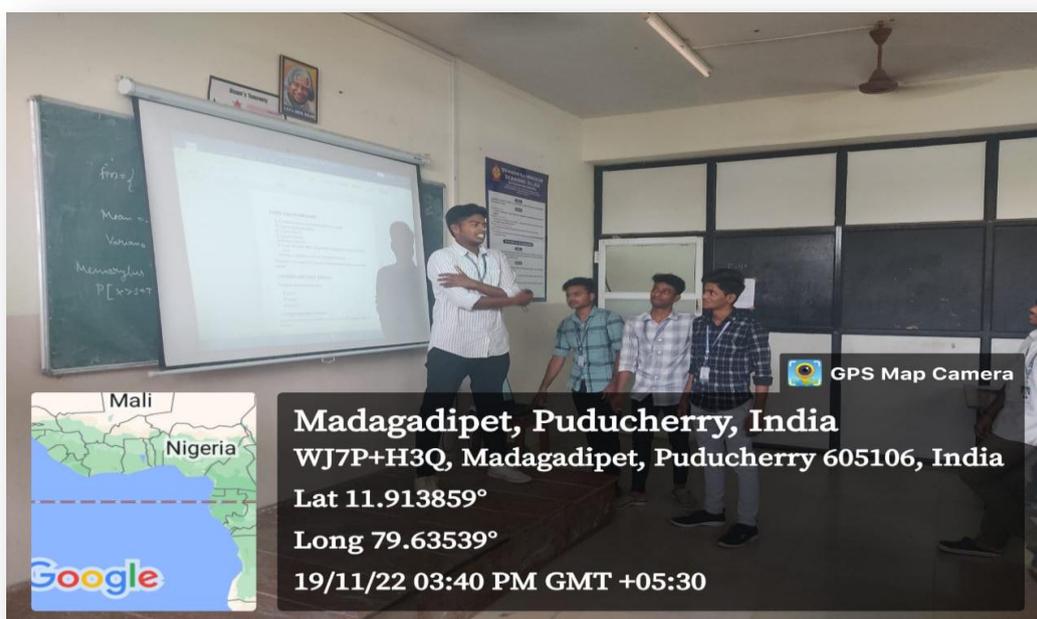

Name of the Event: Technical Quiz

Date of the Event: 19.11.2022

Outcome of the Event: Technical Quizzes help the students to gain a broad or specialized understanding of a subject. Quizzes are intended to encourage fun learning methods while also enhancing general knowledge. Students can "think outside the box" or from diverse perspectives by participating in quiz competitions.

Photos:

Name of the Event: Indoor Games - Chess

Date of the Event: 24.12.2022

Outcome of the Event: Technical Quizzes will help the students to raise the IQ, exercises both sides of the brain, increases the creativity, improves the memory, increases problem-solving skills, improves reading skills and improves concentration.

Photos:

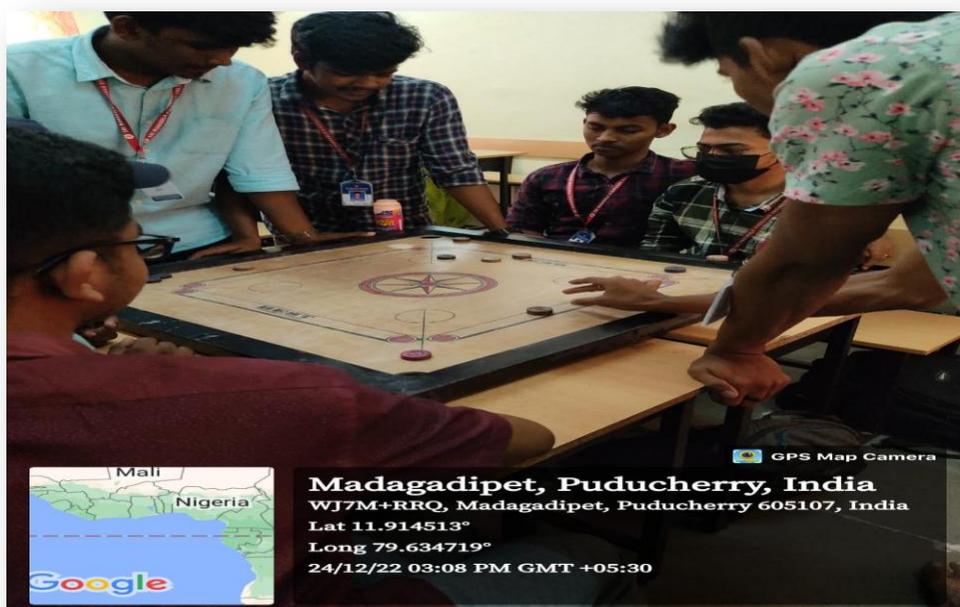

Name of the Event: Indoor Games - Carrom

Date of the Event: 24.12.2022

Outcome of the Event: Carrom game helps to mould the student into a better individual. It increase the attention, sharpness, focus, foresight all help the person in their day to day life as well.

Photos:

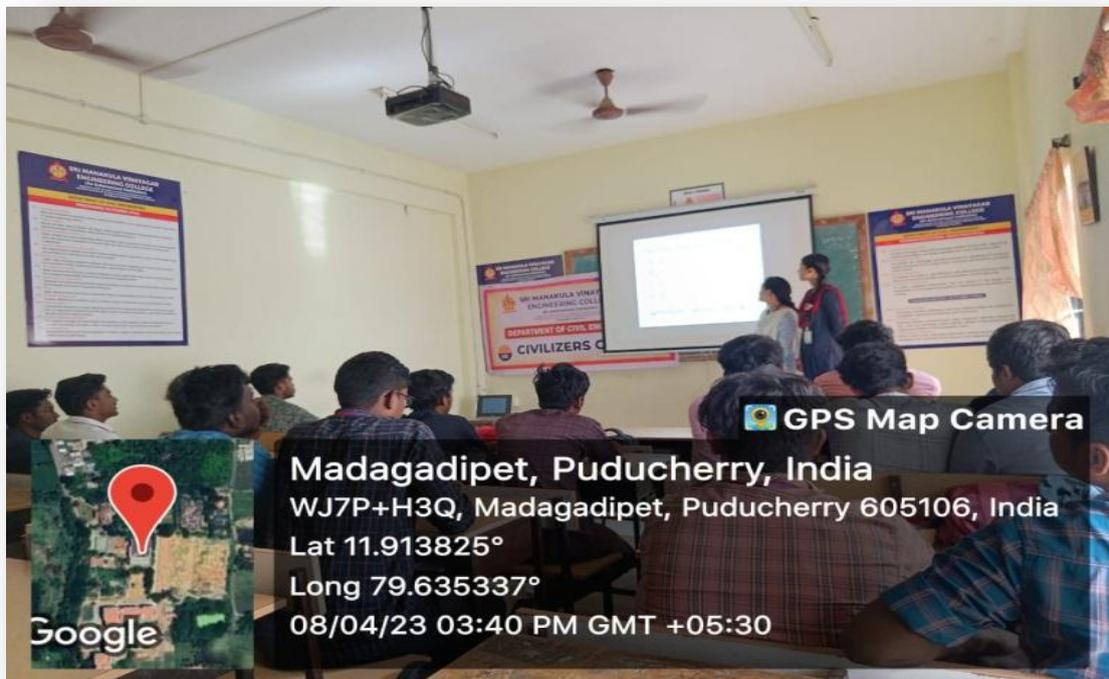

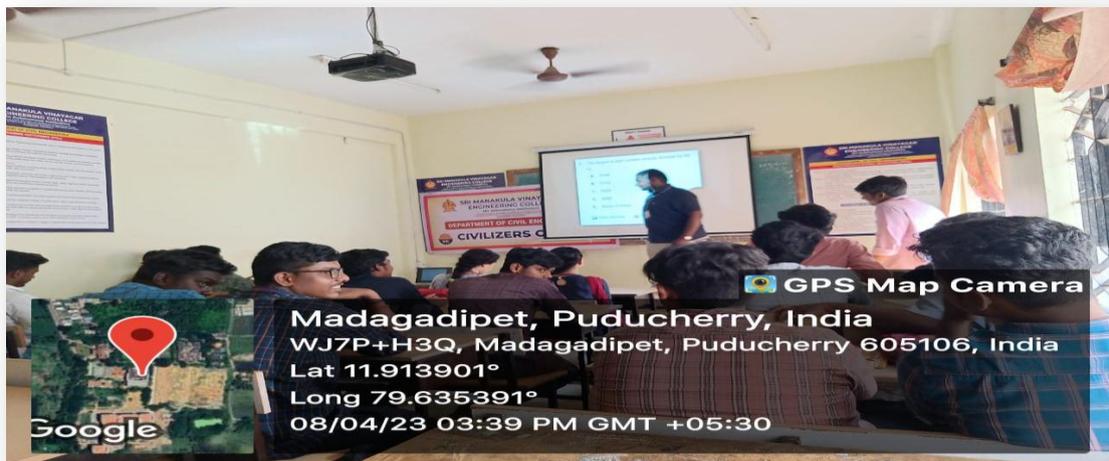

Name of the Event: Technical Quiz

Date of the Event: 08.04.2023

Outcome of the Event: Technical Quizzes help the students to gain a broad or specialized understanding of a subject. Quizzes are intended to encourage fun learning methods while also enhancing general knowledge. Students can "think outside the box" or from diverse perspectives by participating in quiz competitions.

Photos:

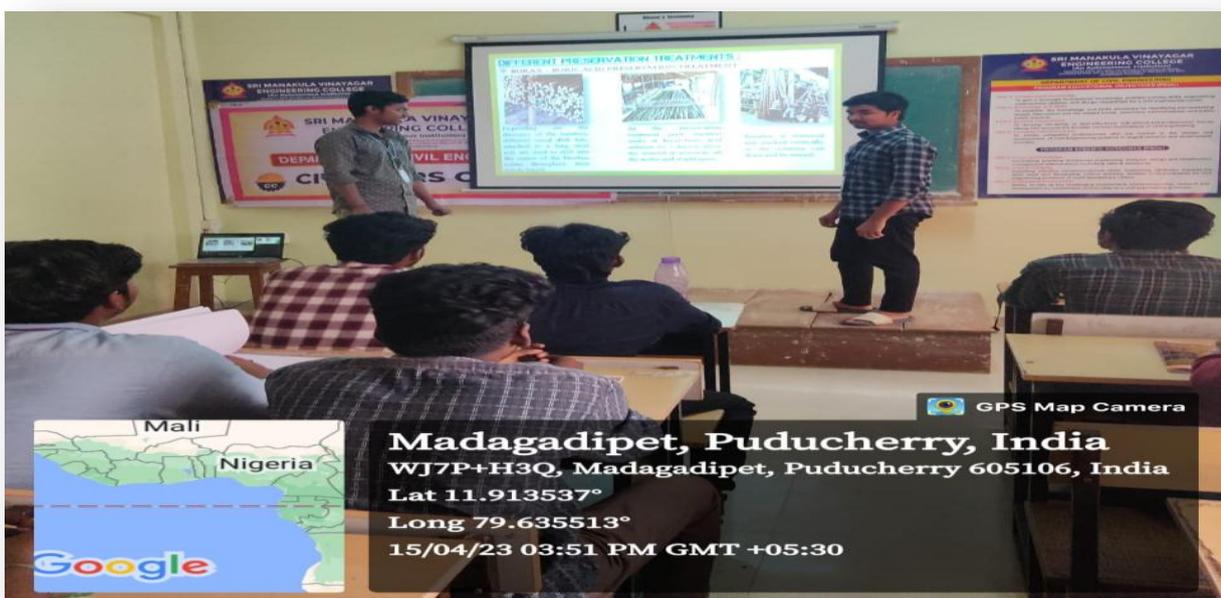

Name of the Event: Technical Presentation

Date of the Event: 15.04.2023

Outcome of the Event: Technical presentation skills training will enable the students to explain complex ideas through stories that can impact other students and improve comprehension. It will also help to learn how to grab and keep other students attention from the start.

Photos:

Name of the Event: How to publish a patent?

Date of the Event: 29.04.2023

Outcome of the Event: At the end of the program, the students will be able to understand about patent filing, the right to stop others from copying, manufacturing, selling or importing the invention without the owner's permission etc.

Photos:

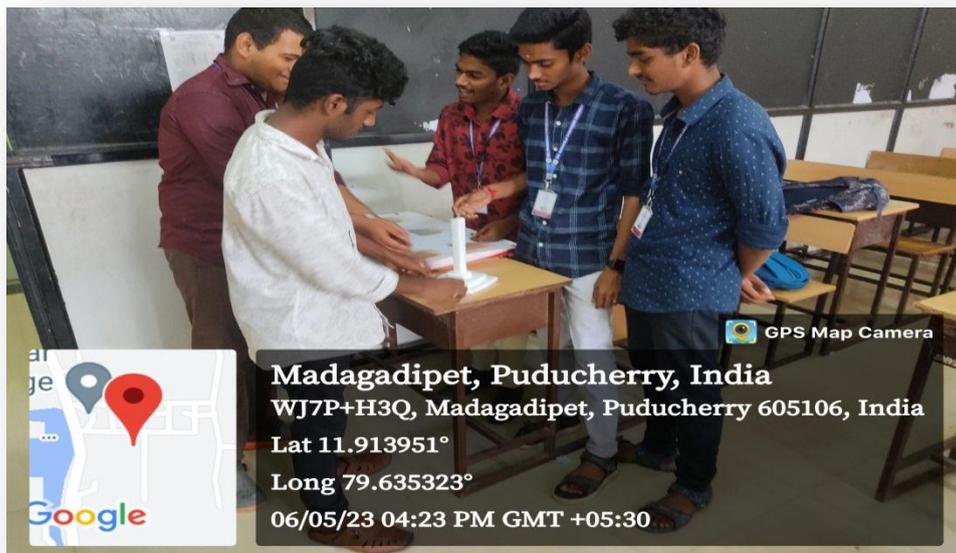

Name of the Event: Model Making

Date of the Event: 06.05.2023

Outcome of the Event: Model making activity is a method used to illustrate how a system works. In this activity, the group works together to outline a sequence of steps and the component pieces involved in creating a behavior or result.

Photos:

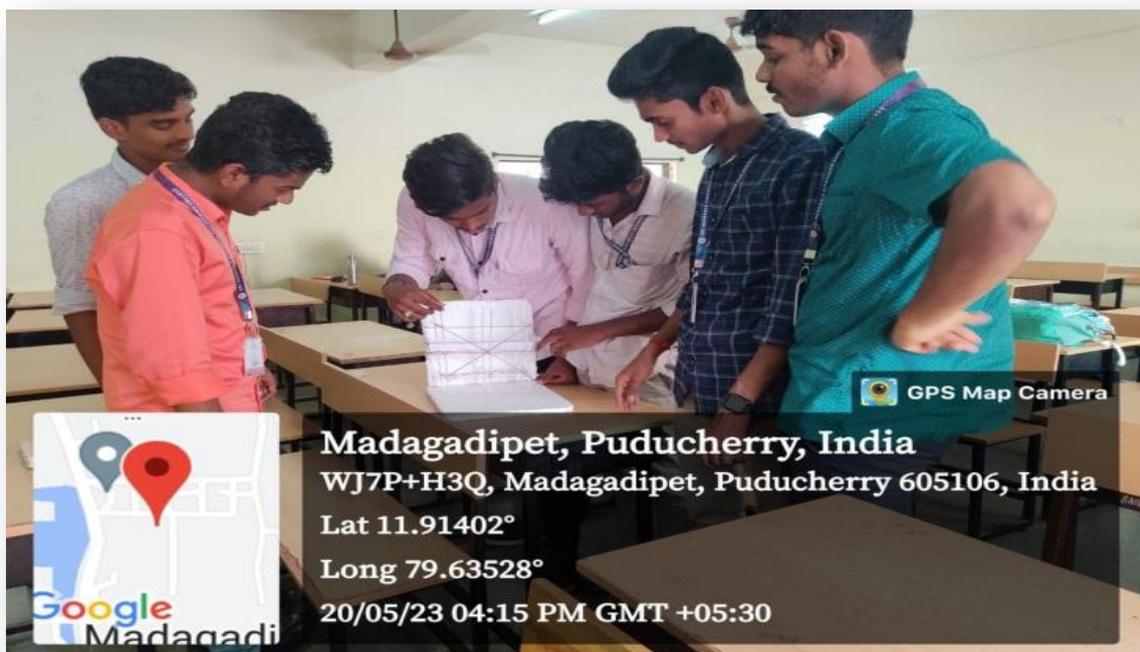

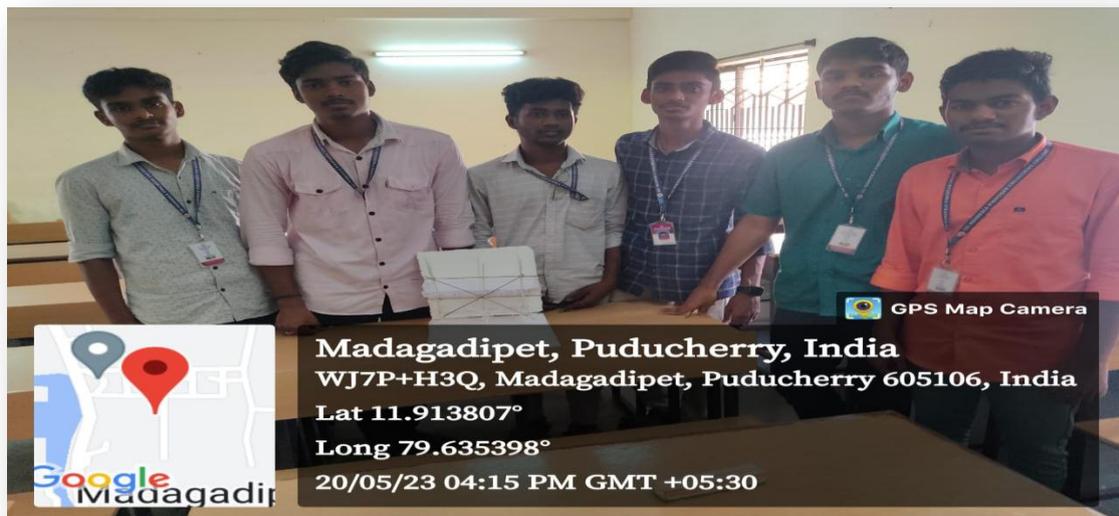

Name of the Event: Model Making

Date of the Event: 20.05.2023

Outcome of the Event: Model making activity is a method used to illustrate how a system works. In this activity, the group works together to outline a sequence of steps and the component pieces involved in creating a behavior or result.

Photos:

Name of the Event: Paper craft making

Date of the Event: 10.06.2023

Outcome of the Event: Paper craft has an aesthetic, educational and therapeutic value. This art form is particularly popular with students because it's so approachable. It strengthens understanding of geometry, develops problem solving skills, promotes multi-cultural awareness and teaches patience and following instructions.
