Description:

We successfully organized a Club Activity for our Information Technology First-Year students on October 19, 2024, providing them with a valuable opportunity to connect with alumni. The session focused on important career development areas including coding, project work, and effective communication. This interaction helped bridge the gap between academic knowledge and industry expectations, offering insightful guidance to the students. We also delved into key areas such as various platforms for practice Coding like SkillRack, LeetCode, HackerRank, and Project Management as well.
