## **GUEST LECTURE ON- Machine Learning (ML)**

**DATE:03.06.23**

### **OUTCOME OF THE GUEST LECTURE**

By attending the lecture on “Machine Learning (ML)”:

- Introduced on how can we implement machine learning.
- Expanded their insights in building a more efficient predictive Analysis tool.
- Discussed about the various algorithms used in the predictive software.
- Displayed a running model of one of the examples used to predict The weather.
- Encouraged students by inspiring them to the current software that use machine learning.

## **GUEST LECTURE ON- problem solving in Skill rack**

**DATE:24.06.2023**

### **OUTCOME OF THE GUEST LECTURE**

By attending the lecture on “problem solving in Skill rack”:

- offering advantages such as improved algorithmic thinking, coding proficiency, efficiency, logical reasoning, time management, and continuous learning.
- Preparation for coding competitions, technical interviews, and real-world programming challenges.
- Fosters personal growth, satisfaction, and a competitive edge in the dynamic and competitive field of programming.
- Enhancing ability to analyze problems, identify patterns, and devise effective solutions based on sound logic.
