

The Department of Computer Science and Engineering provides a comprehensive education in computer science and engineering. The department's goal is to prepare students for careers in the software industry. The department offers courses in a variety of areas, including database design and maintenance, web services, smart environments, cloud computing, big data, and VANETs. The department is committed to providing students with the skills and knowledge they need to succeed in the 21st century.

## COURSES OFFERED

UG	B.Tech – Computer Science and Engineering
PG	M.Tech – Computer Science and Engineering

## UNIVERSITY GOLD MEDALS

### B.Tech

2007	2008	2009	2010	2011	2012
2013	2014	2015	2017	2019	2020

### M.Tech

2008	2010	2011	2012	2017	2018	2019
------	------	------	------	------	------	------

## VISION AND MISSION

### Vision

To create a productive learning and research environment for graduates to become highly dynamic, competent, ethically responsible, professionally knowledgeable in the field of computer science and engineering to meet the industrial needs on par with global standards.

### Mission

**M1: Quality Education:** Empowering the students with the necessary technical skills through quality education to grow professionally.

**M2: Innovative Research:** Advocating the innovative research ideas by incorporating with industries for developing products and services.

**M3: Placement and Entrepreneurship:** Advancing the education by strengthening the Industry-academic relationship through hands-on training to seek placement in the top most industries or to develop a start-ups.

**M4: Ethics and Social Responsibilities:** Stimulating professional behaviour and good ethical values to improve the leadership skills and social responsibilities.

## STUDENT ACHIEVEMENTS
