BASIC HUMAN ASPIRATIONS AND ITS FUNCTIONS

INTRODUCTION:

What is aspiration? Aspiration is the act of having motivation, aspirations and dreams, hopes or ambitions to achieve a life goal. There may be many aspirations for human beings, but the basic human aspiration are happiness and prosperity.

HAPPINESS:

There are many things which make a man happy. Man say that they need more things to stay happy for eg: to get the highest mark, to be happy, to go abroad, world tour and so on. This never ends. The ultimate motive is to be happy, in that we sometimes succeed or sometimes we don't.

WHY SHOULD WE STAY HAPPY:

Happiness makes us energy and when we are happy, we make our surrounding positive.

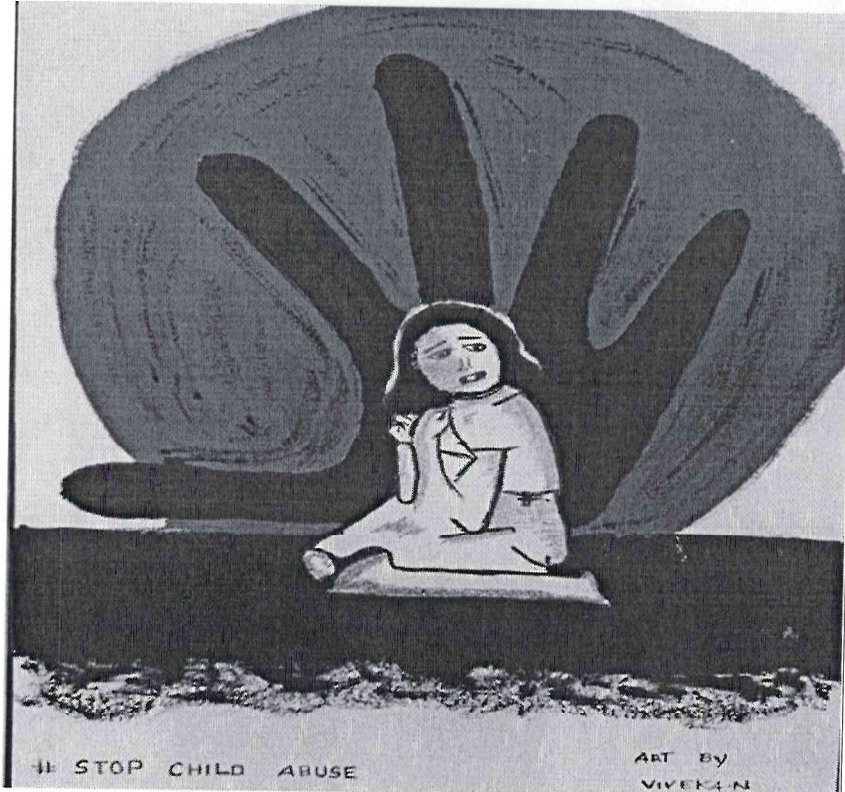

"Happiness reduce compassion and increase co-operation. As everyone wins, this is a powerful step forward to 'human-kind'"
