

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Jul 2024 – Dec 2024

The Department of Computer Science and Engineering provides a comprehensive education in computer science and engineering. The department's goal is to prepare students for careers in the software industry. The department offers courses in a variety of areas, including database design and maintenance, web services, smart environments, cloud computing, big data, and VANETs. The department is committed to providing students with the skills and knowledge they need to succeed in the 21st century.

COURSES OFFERED

UG	B.Tech – Computer Science and Engineering
PG	M.Tech – Computer Science and Engineering
	M.Tech – Computer Science Engineering (Big Data Analytics)
Ph.D	Computer Science and Engineering

UNIVERSITY GOLD MEDALS

B.Tech

2007	2008	2009	2010	2011	2012
2013	2014	2015	2017	2019	2020

M.Tech

2008	2010	2011	2012	2017	2018	2019

VISION AND MISSION

Vision

To provide a productive learning and research environment in which graduates become dynamic, competent, ethically responsible, and professionally knowledgeable in computer science and engineering while matching worldwide industry standards..

Mission

M1: Quality Education: Quality education should provide students with technical skills to help them advance their careers.

M2: Innovative Research: Encourage innovative research by working with companies to create goods and services

M3: Placement and Entrepreneurship: Improve education by enhancing industry-academic partnerships, offering hands-on training for top industry placements, and fostering startup growth

M4: Ethics and Social Responsibilities: Promote professional conduct and ethical ideals to strengthen leadership abilities and social responsibility.

STUDENT ACHIEVEMENTS
